Report of Health Officer

TO THE CITIZENS OF THE TOWN OF BAR HARBOR

During the year of 1923 this Department has had under care 30 cases of Scarlet Fever, 8 cases of Diphtheria, 2 suspected cases, 10 cases of Whooping Cough, 2 cases of Measles, 1 case of Mumps, 1 case of Vincents Angina, 1 case of Meningitis and several cases of Chicken Pox.

Twenty cases were cared for at the Isolated Hospital, which was open from Jan. 18 to March 12, June 29 to July 14, July 27 to Nov. 9. No cases of quarantinable disease having been reported since that date.

One noteworthy result of this department may be noted, that during the past five years we have not had a death under the care of this department.

The Isolated Hospital has been varnished thoroughly throughout since being closed, and the trimming painted, steps and porch floor repaired, so that the building is in perfect shape.

Four cases of venereal disease have been cared for during the year. There has been considerable improvement along this division.

There has been an appreciable diminution in the number of nuisances reported this year, which in itself shows considerable improvement.

The usual examinations by the State Inspectors of the hotels, restaurants, and stores, handling foods and drinks, were made with very few violations being found, those noted being of a minor nature and immediately corrected.

The usual tests of milk were taken during the summer, which showed conclusively that the milk furnished the Bar Harbor market is a distinctly high grade product. I should, however, suggest that a little more care be given by the producer in the question of feed, as I have noticed

a few times during the season, an odor and taste, which undoubtedly was caused by turnips or some similar food.

I wish at this time to express my thanks and appreciation to the producers and dealers for their unfailing courtesy and co-operation, in the effort to place the quality of milk for our Bar Harbor market at the highest possible standard.

There is due to this department from other cities and towns and individuals, the sum of \$1,066.03 for year of 1923 and \$454.21 for year of 1922.

The co-operation and courtesy which has been extended to this department for many years, by our physicians, the Red Cross workers, and other organizations, has been continued this year, without exception, and is greatly appreciated.

Respectfully Submitted,

W. P. WADLEIGH, Health Officer.

Report of Building Inspector

Report of Auditor

I have carefully examined the accounts of the Town Officers and found them correct and the correct amount of cash on hand to balance the Treasurer's account.

FRED L. HADLEY
Auditor.
